

INFIRAY OUTDOOR

RICO MK1 SERIES

Rugged Infrared Compact Optic

The RICO Series was built to do two things: Make the best image possible, and be easy to use. The heart of the RICO Series features a high performance iRay Micro II core and an extremely high contrast AMOLED HD display. RICO takes its image processing one step further with Advanced Image Correction and Automatic Image Optimization courtesy of its MATRIX III Processor. Unmatched image quality paired with an intuitive and easy to use interface, picture-in-picture function, 6 hour run time, aluminum alloy housing, 1000 G shock resistance and 32 Gb of internal memory, gives you all the tools you need to take your hunt to the next level.

ENVIRONMENTAL/WARRANTY		
Warranty	5 Years	
Housing Material	Aluminum/ABS	
Ingress Protection	IP67	
Operation Temp	-4°F~122°F	
Max. Recoil	300 win./7mm mag	

The combination of a high contrast HD AMOLED display and a powerful Micro II 12 micron core are the foundation of the image performance in RICO. This performance is taken to the next level by iRay's proprietary Matrix III image processing algorithms. Matrix III is the secret behind taking an image that other manufacturers consider acceptable, and making it an image only an iRay core can produce.

Curious what Infray Outdoor scope is best for you? Check out our website at irayusa.com/riflescopes to learn more or find your local dealer. With the power of RICO on your favorite rifle, hunting will never be the same!
