

TALION

XQ35 PRO & XG35

THERMAL IMAGING RIFLESCOPE

PL76566U & PL76563U

FEATURES

- Multi-point prism mount for exact positioning on a rifle
- Precision aiming in "Picture-in-picture" mode
- 9+ hours of work on a single charge
- Wi-Fi integration with iOS & Android devices. Stream Vision 2 application.
- Focus adjustment with tactile marker set for nighttime shots
- Lightweight and rugged magnesium alloy housing
- 3 sensitivity amplification levels
- Variable magnification
- Photo and video recording
- All control elements in direct access.
- Waterproof IPX7 housing
- High caliber recoil resistance: 12 gauge, 9.3x64, .375H&H
- 5 shooting profiles / 50 zeroing distances
- 10 reticle shapes in 9 color modes
- Rapid extraction battery mechanism
- A selection of 8 color palettes
