

RattlerV²640

THERMAL IMAGING RIFLE SCOPE

The NEW RattlerV² is one of the most highly-anticipated product releases. Improving on what is already considered the best-selling thermal riflescope product family in the United States, the RattlerV² brings many of the most sought after design improvements into one sleek new housing. These improvements include, but are not limited to: dramatically expanded battery life offered through the unit's proprietary removable and rechargeable battery system, which will afford users up to 9 hours on a single charge (2 included), an expanded built-in reticle assortment, expanded brightness and contrast settings, shot activated recording with sound and new 12-micron thermal sensors that have the highest rated sensitivity rating (sub-20 mk) on the market. For a product family which was already boasted one of the best value propositions in the market, the NEW RattlerV²'s will only expand on that reputation.

The RattlerV 2 35-640 with 35mm Germanium lens and RattlerV 2 50-640 with 50mm lens are the perfect addition to any hunter's arsenal. This models combine an upgraded 640x512 high-sensitivity thermal detector and a 1024x768 OLED display, which together provide an eye-popping detection range of 1800 and 2600 yards, respectively. This combination also places the 2X and 2.5X base magnification for these units places right in the sweet spot in terms of flexibility for both hog and predator hunters. This magnification level isn't too high and restrictive on the hunter's field of view and is simultaneously just high enough to ensure there isn't too much resolution degradation when digitally zooming.

- Superior sub-20 milikelvin thermal sensitivity
- 640×512 resolution with 12-micron sensor
- Fast 50Hz imaging
- High resolution OLED display
- Adjustable color palettes
- Various reticle types and colors
- 1x, 2x, 4x, 8x digital zoom
- On-board video/audio recording and image capture
- Built-in EMMC storage (16 GB)
- Shot Activated Recording (SAR)
- Wi-Fi data transmission
- Stadiametric rangefinder
- Standby mode
- Up to 9 hours battery life
- External power supply compatibility
- Waterproof & shockproof
- 5-year warranty
